

Other issues for negotiation, as proposed by the Harpswell Withdrawal Committee

1. Harpswell School Committee Relationship with SAD 75

We agree with the proposal for a Liaison Committee. We also propose that a representative of the Harpswell School Committee have the right to speak at meetings of the MSAD 75 Board and committees.

2. Commitment on tuition payments

We propose that Harpswell will pay tuition for all students that attend MSAD 75 High School and Middle School, and that it will not pay tuition elsewhere. This approach is based on the current situation.

3. Tuition arrangement

During the course of the “grace period” year, a district vote would be held on a long-term tuition arrangement with Harpswell.
